

**Return Required -
Grades K5 - 5th**

*****Required for GRADES K5-5*****

Dear Families of Hartford University School K5 through Fifth Grade Students,

Your child will be participating in the ACE program this year! Hartford was extremely fortunate to be selected for this Milwaukee Symphony Orchestra program. The program brings music of the symphony into our children’s lives and classrooms. It brings a number of extraordinary experiences to our children: your child will study symphonic music through special lessons integrated into the regular classroom curriculum, musicians from the symphony and community will come into the classrooms three times during the year, students will attend a full symphony concert at the Marcus Center, families will be invited to a special performance at Hartford featuring an exciting professional music group, and students will present a major project at the end of the year. This is a remarkable opportunity for our young people.

The ACE symphony program costs over \$70 per child, but you pay only \$18. The Milwaukee Symphony donates the remainder.

While we realize that \$18 per child may be difficult for some families, it is actually a minimal contribution toward the cost of the six events and ongoing enrichment ACE provides each student. At Hartford University School, we see the great benefits to the students from this wonderful integrated program of art, music, math, science, literacy and social studies. Please let us know if your family needs assistance paying for this experience. If your family is able, we are also seeking donations to help those families for whom the fee is difficult to pay.

We thank you for your support and look forward to another fantastic year with the Milwaukee Symphony Orchestra’s ACE program!

Sincerely,

Dr. Ellwood

Mrs. Poytinger

Mr. Vande Zande

K5 through Fifth Grade Teachers

Enclose this form in the fee envelope along with other Hartford fees.

_____ I have enclosed \$18 for the ACE program.

_____ Our family has also included a donation of \$ _____ to help a family that is unable to pay their portion of ACE.
